Left: An Invitation to the last Christmas Celebration with our Blackburn College students. This is the last Christmas they will spend with us as they finish their courses next June (2015)

Above: Progress so far of our Teacher's accommodation block. All we need now are the doors, the ceilings, some tiles, electrics, plumbing and then it will be ready to house our 10 UK trained teachers.

Everyone Welcome

Above: Amani 4 years old enjoying the Bethany swings. He also has brother and sister at Bethany. The three children were abandoned by their mother over a year ago and found their way to Bethany.

Below: Esther Cosmas proudly showing us her new necklace. Esther has gathered the seeds from a nearby tree, made a hole through the middle of each one and then threaded them on a string!

Above: Some of our children receiving their awards. This happens every Friday assembly when children who have made the most progress or have shown an improvement in behaviour are presented with a certificate.

Above: We are looking at the possibility of renting this 4 bedroomed house in Kitongo which would house some of our older boys as they go through secondary education.

Above: Some of our children showing off their new uniforms. This year we hope to increase our number by a new intake of 45-50 children, starting in January.
