

Bethany Std 7 Results. Comments from Emmakulatha (Head-teacher)...I am thrilled to share that our standard 7 children have achieved outstanding results in their national examinations, after months of hard work and dedication of both teachers and children they have truly performed exceptionally well in all the subjects. We are truly grateful to God because He has made it all possible! I am also grateful for all our supporters who have truly supported our school in so many ways, your commitment and dedication to the Bethany family is forever appreciated! Overall I am thrilled with these results and look forward to the next chapter especially for our girls who will be joining our new Bethany girls secondary school next year. Thank you!
