

THE BETHANY PRE AND PRIMARY SCHOOL

STANDARD SEVEN TERMINAL REPORT: SEPTEMBER 2021

CLASS TEACHER: MR. MOGEREJA PAUL

INTRODUCTON

Dear Mrs. Zephaniah, I am joyful to present to you a report of year seven class. First of all, I would like to thank Lord and appreciate Him for protecting me and my standard seven pupils from the beginning of this year up to now where they are sitting for their final National examinations. In general these pupils have been cooperating with me to the extent that they perform well in their studies.

QUALITY OF TEACHING AND LEARNING

Teaching and learning in class seven was active whereby all pupils of different learning abilities were highly involved. Due to this, the academic performance changed positively which made the elimination of grade **C** and left with **A** and **B** grades only. This has been good achievements which predict the best results from the National examinations. In Regional mock results, my class became the **second** in top ten schools in the District. Moreover, **two boys** (Charles Jiganza and Simon Alfred) and **two girls** (Magdalena Samson and Sikitu Alfred) entered the best top ten pupils for boys and girls respectively. Below is the table of summary which indicates different examination results from **July** to **September**.

EXAMINATION TYPE	DATE	NUMBER OF "A"	NUMBER OF "B"	NUMBER OF "C"	NUMBER OF "D"	NUMBER OF "E"	CLASS AVERAGE	GRADE
Tanga mock (Test)	Region 12 th July 2021	7	10	1	0	0	39	B
Regional Exams	Mock 14 th &15 th 2021	July9	10	0	0	0	40	B
MOFET	10 th Aug 2021	2	12	5	0	0	35	B
Ward Exams	13 th Aug 2021	5	14	0	0	0	38	B
Mid-term	3 rd Sep 2021	3	16	0	0	0	38	B

From the table above, the number of **A's** have increased and elimination of number of **C's** from the last four consecutive examinations. This brings hope and predicts the best results from the National examinations.

CONCLUSION

It is not easy to mention you all by names but kindly, I would like to appreciate for every one's effort that made my class to achieve and reach the National examinations under this primary level. It is my hope that the National examinations results will surprise everyone in positive ways.

Finally, I would like to say thank you Head teacher for your hard working on running the school.

I wish you and your family ***all the best*** in this short break holiday.
