

Bethany Update January 2026

This years form 4 leavers waiting for their results
Looking for support for the next stage of their journey

Above we have 5 of our ex-Bethany girls who are now teaching at Bethany, all of whom were helped to qualify by Bethany

Here we have Magdalena who wants to be a nurse and Dorica who wants to be a Secretary. Both are working at Bethany saving up for their course fees. Of our boys only Joshua has decided he would like to do a 6 months plumbing course, Timotheo and Boniface don't know what the next step is as yet. We hope to find sponsors to help pay for the next step. The short 3/6 month courses cost about £400 including fees, food and accommodation.

BETHANY
Aims and Objectives:
To help the most underprivileged, deprived and vulnerable members of society, especially orphaned children, providing education where possible. It will carry out this work with love, commitment, and compassion.

Maize Field
We are fortunate at Bethany to have a tractor and we try and grow as much food as possible. After wages our largest expense is food and the more we grow the less we have to buy.

Bethany history The first building work started in 1991 with a children's home (now 140+ children). In 2013/14 work started in building a ten classroom Pre and Primary school (now with 400+pupils). In 2025 work started on building a Secondary School for Girls – opened in 2026 with 34 girls in form 1 (potential for 180 secondary girls when complete). All located on a 30acre site.

Motivation

Faith in action James 1 v27
Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world.

Future Vision for Bethany

We would like to eventually extend our secondary school to include a High School for years 5 and 6 (A level). We also have a vision for a Clinic and two of our girls are studying to that end, Sarah John to become a Doctor and Esther Cosmas to become a Nurse. Following on from that we would like to do some vocational training
